Experience

Adobe 07.2026 - Current

Staff Product Designer — San Jose, California

Lead product design for Audience & Activation within Adobe Experience Platform, shaping end-to-end experiences for complex, data-intensive workflows in Real-Time CDP.

Senior Experience Designer 06.2024 - 06.2026

- Designed AI-powered audience discovery and creation experiences, including Lookalike Modeling and Audience Agent capabilities, translating complex data and algorithmic workflows into intuitive enterprise interfaces.
- Partnered with engineering to modernize data visualization and interaction patterns for audience estimation, with an emphasis on accessibility, visual clarity, and implementation quality.

Split 05.2023 - 05.2024

Senior Product Designer — Redwood City, California

- Led the creation and rollout of Tango, Split's design system, establishing a scalable foundation of reusable components, interaction patterns, and visual standards across the product.
- Partnered closely with front-end engineers to translate design principles into implementation-ready components, embedding accessibility and consistent interaction behavior into the system.

Product Designer 05.2022 - 05.2023

- Redesigned data visualization and alerting experiences for Split's Measurement and Learning platform, helping users interpret experimentation results, identify meaningful changes, and make informed decisions.
- Designed the Integrations Hub in collaboration with the Developer Experience team, establishing scalable interaction patterns for technical integrations and internationalization.

Coupang 02.2018 - 02.2019 & 06.2020 - 04.2022

Product Designer — Mountain View, California

- Led end-to-end design for XPC (Coupang's internal A/B testing platform) simplifying how internal teams configure, manage, and evaluate experiments. Translated complex experimentation workflows into intuitive interfaces through user research, interaction design, rapid prototyping, and usability testing.
- Collaborated closely with product and engineering partners to define product requirements, validate design decisions, and deliver cohesive end-to-end experiences.

Pentagram 05.2017 - 02.2018

Freelance Designer — Manhattan, New York

Worked as a designer on Eddie Opara’s team. Contributed to the data visualization for ‘Quinnipiac: The Lahey Years’. Designed and prototyped the website for Continuum (an online journal by AAN), translating complex information into engaging digital experiences.
